STAINLESS STEEL CUP BOWL FEATURES

- reduced water wastage
- rolled edges for strength and animal safety
- 304SS material
- larger bowls have 2 tabs to mount pipe to bowl
- Beginning in 2017 the CB-F, CB-WF, and CB-S bowls use the same pipes

**Nursery Cup Bowl**

Mounting Height 4" off the floor
Serves 30 weaner pigs

**Finisher Cup Bowl**

Mounting Height 4" off the floor
Serves 30 weaner pigs or 20 finishers

**Wean/Finish Cup Bowl**

Mounting Height 4" off the floor
Serves 30 weaner pigs or 20 finishers
or 10 sows

**Sow Cup Bowl**

Mounting Height 4" off the floor for finishers
or 12" off the floor for sows
Serves 20 finishers or 10 sows

NURSERY CUP BOWLS

Save water with minimum wastage

Nursery Cup Bowl Kit

Cup Bowl, nipple and 7.5" pipe with single tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-N

Nursery Cup Bowl

Dimensions: (HxWxD) 8.5" x 6" x 4"

CB-N-BOWL Bowl only
CB-N-PIPE 7.5" Pipe only

Nursery Bowl Kits

Cup Bowl, nipple and 36" straight pipe with single tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-N-36S

Nursery Bowl Kits

Cup Bowl, nipple and 36" bent pipe with single tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-N-36B

REPLACEMENT PARTS

Feed Wetter

1/2" thread. All stainless steel hex body feed wetter for cup bowls. Adjustable water flow

HCFW

Cup Bowl Pipe Only

36" Bent Cup Bowl Pipe only for CB-N

CB-36B-1

Cup Bowl Pipe Only

1/2" x 36" MPT x MPT Extension Pipe can be used for any of the Hogflo cup bowl kits.

1236SS

Cup Bowl Pipe Only

36" Straight Cup Bowl Pipe Only for CB-N

CB-36S-2

FINISHER CUP BOWLS

Save water with minimum wastage

Finishing Cup Bowl Kit

Cup Bowl, nipple and 10" pipe with double tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-F

Finishing Cup Bowl

Dimensions: (HxWxD) 10.5" x 7" x 5"

CB-F-BOWL Bowl only
CB-PIPE 10" Pipe only

Finishing Bowl Kits

Cup Bowl, nipple and 48" straight pipe with double tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-F-48S

Finishing Bowl Kits

Cup Bowl, nipple and 48" bent pipe with double tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-F-48B

REPLACEMENT PARTS

Feed Wetter

1/2" thread. All stainless steel hex body feed wetter for cup bowls. Adjustable water flow

HCFW

Cup Bowl Pipe Only

48" Straight Cup Bowl Pipe
Only for CB-F, CB-WF, CB-S

CB-48S-2T

Cup Bowl Pipe Only

1/2" x 36" MPT x MPT
Extension Pipe can be used for any of the Hogflo cup bowl kits.

1236SS

Cup Bowl Pipe Only

48" Bent Cup Bowl Pipe only
for CB-F, CB-WF and CB-S

CB-48B-2T

WEAN TO FINISH CUP BOWLS

Save water with minimum wastage

Wean to Finish Cup Bowl Kit

Cup Bowl, nipple and 10" pipe with double tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-WF

Wean to Finish Cup Bowl

Dimensions: (HxWxD) 11" x 9" x 6"

CB-WF-BOWL Bowl only
CB-PIPE 10" Pipe only

Wean to Finish Bowl Kits

Cup Bowl, nipple and 48" straight pipe with double tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-WF-48S

Wean to Finish Bowl Kits

Cup Bowl, nipple and 48" bent pipe with double tab and female threads both ends. Includes hardware to attach pipe to bowl. Mounting hardware not included.

CB-WF-48B

REPLACEMENT PARTS

Feed Wetter

1/2" thread. All stainless steel hex body feed wetter for cup bowls. Adjustable water flow

HCFW

HANGING HOG WATERERS

Reduce stable abuse by replacing stationary waterers with hanging waterers.
Adjust height 2" to 3" from bottom of drinker to hog's shoulder

Single Outlet Hanging Waterer

Hanging waterer with chain and one outlet. 1/2" male thread at top of pipe and 1/2" female thread at bottom of pipe. 18" long pipe. Includes 7' chain and mounting bracket.

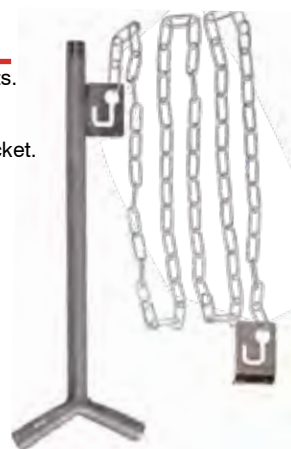

- SHW18** – Galvanized
- SHW18SS** – Stainless steel
- SHW18L/C** – Galvanized less chain
- SHW18SSL/C** – SS less chain

Double Outlet Hanging Waterer

Hanging waterer with chain and two outlets. 1/2" male thread at top of pipe and 1/2" female thread at bottom of pipe. 18" long pipe. Includes 7' chain and mounting bracket.

- HW08** – Galvanized
- HW08SS** – Stainless steel
- HW08CHAIN** – 7' Zinc plated chain only
- HW08CHAIN/FT** – Zinc plated chain only, sold per foot
- HW08SSCHN/FT** – Stainless steel chain only, sold per foot
- HW08PIPE** – Galvanized pipe less chain
- HW08SSPIPE** – SS pipe less chain
- HW08BRACKET** – Galvanized ceiling bracket
- HW08SSBRACKET** – SS ceiling bracket

Double Outlet Hanging Waterer Only

Hanging waterer with two outlets. 1/2" male thread at top of pipe and 1/2" female thread at bottom of pipe. Bent for straighter hanging.

- HW16SS** – 16" Stainless steel
- HW24** – 24" Galvanized
- HW24SS** – 24" Stainless steel
- HW36** – 36" Galvanized
- HW36SS** – 36" Stainless steel
- HW42SS** – 42" Stainless steel

Double Outlet Hanging Waterer Only

Hanging waterer with two outlets. 1/2" male thread at top of pipe and 1/2" female thread at bottom of pipe. Bent for straighter hanging.

- HWT36SS** – 36" Stainless steel
- HWT42SS** – 42" Stainless steel

STRAIGHT PIPES ONLY

Feed Wetter / Cup Bowl Pipe Female x Male Thread

Pipe for use with cup bowls. 1/2" male thread on top end and 1/2" female thread on bottom end.

- ST10SS** – 10" Stainless steel
- ST24** – 24" Galvanized
- ST24SS** – 24" Stainless steel
- ST36** – 36" Galvanized
- ST36SS** – 36" Stainless steel

See page 192 for ready cut black and galvanized pipe.

QUICK CONNECT PIPES

hogflo

**Quick Connect Pipes**

The stainless steel hose barb welded into the end of the pipe makes installation quick and easy. No thread tape or fittings required. Simply slide waterline over the barb and tighten the clamp. Available by special order on any of our 1/2" stainless steel pipes.

To order this option add -25BARB (1/4") or -50BARB (1/2") to the end of the pipe #. For example DAB36-1SS-25BARB.

25BARB 1/4" barb

50BARB 1/2" barb

FIXED HEIGHT DRINKER PIPES

Fixed height drinker pipes

Fixed height drinker pipes with welded plates for solid mounting on stabling. 18" pipe has 1 plate, 24" and 36" pipes have 2 mounting plates.

TIP BOWLS

Tip Bowl Stainless Steel

Includes:

Four foot stainless steel pipe, auto-level control valve, hand release bracket, plastic shut-off valve.

SSTIP-18 2½" deep x 18" wide for 18 finishers or 36 weaners

SSTIP-27 2½" deep x 27" wide for 27 finishers or 54 weaners

SSTIP-45 2½" deep x 45" wide for 45 finishers or 90 weaners

WATER CONTROL VALVE

Designed for mounting on pipes, 4' above hogs. Valves are controlled by vacuum. To insure trouble free operation, it is highly recommended to install a pressure regulator to ensure constant pressure. Water lines must also be purged to avoid air locks.

Water Control Valve

- WCV19-1** Valve Only
- WCV19** Valve with 1/4" hose kit
- WCV19-48** Valve with hose kit & 48" pipe

Stainless Steel Pipe No Thread

1260SS-NT 1/2" x 60"

Water Control Valve Parts

- WCV19-2** Clear sealing diaphragm
- WCV19-3** Blue front cover
- WCV19-4** Quarter turn valve assembly
- WCV19-5** Black forked pin
- WCV19-6** O-ring
- WCV19-7** White compression sleeve
- WCV19-8** Black fastening nut

WATER CONTROL VALVE ASSEMBLY GUIDE

Operating pressure range 10-50 PSI

1. First insert the black nut, then the white compression sleeve, and the rubber o-ring onto the pipe as shown.

2. Push the pipe into the bottom of the control valve letting the o-ring roll inside. The o-ring **MUST** be completely inside the valve. Then push the white compression sleeve up to the o-ring and tighten the black nut. This black nut needs to be tightened well to prevent any leakage. If this area is not watertight the control valve will leak.

3. Screw on the 1/4" barb adapter with the rubber washer inside for your water supply hookup.

4. The valve at the back can be adjusted to achieve constant water flow from the valve when filling the trough - if you find the valve is constantly pulsing.

5. But make sure you let enough water through to maintain the water level and supply as needed. **DO NOT** close too far!

FASTENING BRACKETS AND BACKPLATES

hogflo

Fastening Bracket

with double stainless steel adjustment bolts.

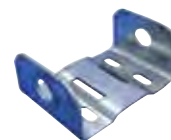

BND2 - Galvanized
BND2SS - Stainless Steel

Fastening Bracket

hand adjustable fastening bracket only. This bracket must be used on oval pressed pipe only. If used on round pipe the pipe will turn to side and hogs can't get water. To adjust, press ears together with one hand and slide pipe up or down to preferred height. Pipe should be set so hog has to look up to bite nipple for the least water wastage.

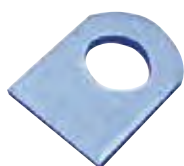

HAB84 - Galvanized
HAB84SS - Stainless Steel

Bracket Only

Bracket part only for HAB84. No ears no spring.

HAB84-B
HAB84-BSS - Stainless Steel

Ear

Ear only for HAB84 bracket.

HAB84-E - Galvanized
HAB84-ESS - Stainless Steel

Spring

All stainless steel spring.

HAB84-SSS

Back Plate

Back plate only for BND2/BND2SS bracket.

BP - Galvanized
BPSS - Stainless Steel

Back Plate

Only for HAB84 bracket.

NEW from SMB for 2021! ADJUSTABLE FLOW VALVES

Too much flow?

With a slot screwdriver you can adjust the flow on the go to suit your specific needs.

*Note, this is flow regulator, not a shutoff.

Available on our Super Flow valves in both short and extended versions.

SFXA2002 Long
(Can replace SFX2002 valves)

SFA2002 Short
(Can replace SF2002 valves)

HEAVY DUTY WATER BOWLS

JY2020
Regular Flow

1 piece heavy duty plastic bowl

Available with Regular Flow #92 valve (14 lpm)
or Super Flow #SF2002 valve (22 lpm).

The valve is set back into a recessed part of the
bowl which helps to protect the valve from damage.

The bowl measures 8-1/2" inside diameter x 4-1/4" deep

Made in Canada

JY2020 - Regular Flow

JY2020SF - Super Flow

Mounting options:

The bowl comes ready to be mounted with 3/8" bolts or lags directly to the stabling.

If mounting to a pipe, we recommend the use of a stiffener plate between the bowl and the pipe,
and then either a Gripwell clamp, or our standard UB Combo to clamp on the pipe.

JY2020-SP - Stiffener Plate, Black

AU-GW - Gripwell, Black

AU-GWSS - Gripwell, SS

UBCOMBO - Standard Clamp, Grey

Replacement Valves

1/2" MPT brass bodies standard on all valves
Replaceable stainless steel spring and urethane washer.

New improved valve paddles give a more gentle fill while maintaining flow rate

The black paddle replaces the orange #92 valve paddle. Stainless Steel valve bodies available SF2002SS for use where water conditions require.

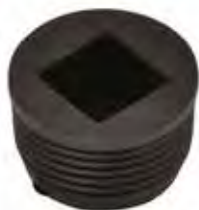

92	14 Lpm
SF2002	22 Lpm
SF2002SS	22 Lpm

Fastening Bracket

Standard clamp fits 1-1/4" to 1-1/2" pipe
Powder coated steel.

UBCOMBO
UBCOMBO-SS - 304SS Fits 1" - 1/4" pipe

Frost Plug

The plastic plug is threaded into the water inlet that is not being used. Plastic is used so that in case of freezing temperatures the plug should pop out instead of cracking the cast iron bracket.

25FP

Grip-well Clamp Options

Heavy duty stainless steel clamp will securely fasten your bowl to round or square posts. Clamp profile fits 1" to 2" pipe size.

AU-GWSS
AU-GWSS-375

Clamp Only
Clamp with SS hardware for 1-1/4" - 1-1/2" pipe size

Nose Guard

Heavy duty plastic guard protects the valve from being held on constantly and overflowing the bowl. Forces the animal to have their nose in the bowl rather than just pressing the top of the valve. The profile of the guard allows the valve to be removed while leaving the guard installed. Can be added to new or existing bowls.

AU-NG

Valve Repair Kit

Includes replacement urethane washer and stainless steel spring.

SF2002RK - for super flow valve
92RK - for #92 valve

Grip-well Clamp Options

Heavy duty powder coated steel clamp will securely fasten your bowl to round or square posts. Clamp profile fits 1" to 2" pipe size.

AU-GW
AU-GW-375

Clamp Only
Clamp with hardware for 1-1/4" - 1-1/2" pipe size

Splash Stop

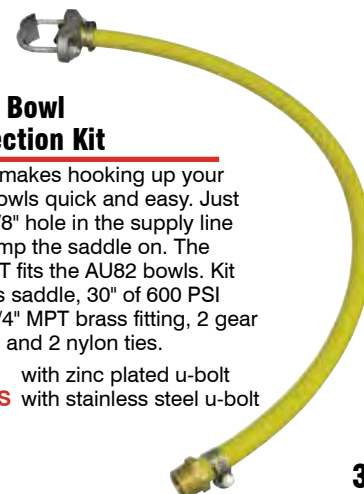

These durable plastic rings are fastened to the bowl with 1/4" stainless steel hardware. Can be added to new or existing bowls to help prevent the water mess that occurs when animals lap the water out of the bowl with their tongue.

AU-SPST

Water Bowl Connection Kit

This kit makes hooking up your AU82 bowls quick and easy. Just drill a 3/8" hole in the supply line and clamp the saddle on. The 3/4" MPT fits the AU82 bowls. Kit includes saddle, 30" of 600 PSI hose, 3/4" MPT brass fitting, 2 gear clamps, and 2 nylon ties.

TSDKSS-12M with stainless steel u-bolt

Valve Repair Kit

Includes replacement urethane washer and stainless steel spring. Fits all super flow valves.

SF2002RK

SPLASH FREE BOWLS

up to 22 litres per minute flow rate

durable solid brass valve body

1/2" top feed water line

High impact polypropylene bowl, 6" deep, 8" wide (with splash ring)

Non-siphoning

Easy clean – remove the rubber stopper to drain the water

Splash Ring has an inner lip to retain splashed water

JN2015 Water Bowl

22 L/min

JN2015 bolts not included
JN2015-WBP with standard painted back plate and SS hardware
JN2015-GWSS with SS Grip Well clamp and SS hardware

PARTS & ACCESSORIES

Standard Back Plate

Powder coated steel plate
RSS-02-7

Valve Repair Kit

Includes replacement urethane washer and stainless steel spring. Fits all super flow valves.

SF2002RK

Splash Ring

Replacement poly splash ring
JN2015-2

Grip Well Clamp Options

Heavy duty stainless steel clamp will securely fasten your bowl to round or square posts. Clamp profile fits 1" to 2" pipe size."

RP-GWXLSS Clamp Only
RP-GWXLSS-300 Clamp with SS hardware for 1-1/4" – 1-1/2" pipe size. Fits RP/RSS series bowls.
RP-GWXLSS-375 Clamp with SS hardware for 1-1/4" – 1-1/2" pipe size. Fits JN2015, 04930-3, RP-2011, RSS-2011, and PCB bowls.

Nose Guard

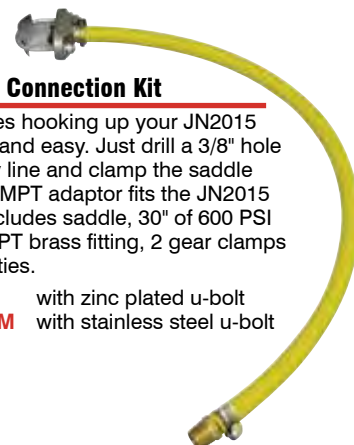

Zinc plated nose guard protects the valve and forces the animal to have their nose in the water to depress the valve to avoid overflowing the bowl.

JN2015-NG

Rubber Stopper

JN2015-3

Water Bowl Connection Kit

This kit makes hooking up your JN2015 bowls quick and easy. Just drill a 3/8" hole in the supply line and clamp the saddle on. The 1/2" MPT adaptor fits the JN2015 bowls. Kit includes saddle, 30' of 600 PSI hose, 1/2" MPT brass fitting, 2 gear clamps and 2 nylon ties.

TSDK-12M with zinc plated u-bolt
TSDKSS-12M with stainless steel u-bolt

Replacement Valves

1/2" MPT connection brass valve body for normal water conditions (SFX2002SS available with 304SS valve body for treated water)
 Replaceable stainless steel spring and urethane washer
SFX2002
SFX2002SS

NOSE PAN BOWLS

up to 14 litres per minute flow rate

Troubleshoot free valve operation

3/4" top or bottom water line

heavy duty 10" bowl

plastic frost plug helps prevent casting from breaking in colder temperatures

#25 Water Bowl

Galvanized bowl with nylon nose pan
25

#25P Water Bowl

High impact polypropylene bowl with nylon nose pan
25P

PARTS & ACCESSORIES

Frost Plug

The plastic plug is threaded into the water inlet that is not being used. Plastic is used so that in case of freezing temperatures the plug should pop out instead of cracking the cast iron bracket.

25FP

Valve Repair Kit

Includes valve stem, nylon tip, spring, and plug

VRK25

Nose Pan Kit

Includes plastic pan and components

PRK25

Zinc U-Bolt

for mounting #25 and M81 series bowls

25U

Water Bowl Connection Kit

This kit makes hooking up your #25 bowls quick and easy. Just drill a 3/8" hole in the supply line and clamp the saddle on. The 3/4" MPT fits the #25 bowls. Kit includes saddle, 30" of 600 PSI hose, 3/4" MPT brass fitting, 2 gear clamps, and 2 nylon ties.

TSDK with zinc plated u-bolt
TSDKSS with stainless steel u-bolt

PUSH BUTTON BOWLS

up to 14 litres per minute flow rate

durable solid brass valve construction

3/4" top or bottom water line inlets

heavy duty 10" bowl

plastic frost plug helps prevent casting from breaking in colder temperatures

M81P Water Bowl

High impact polypropylene push button bowl with cast iron bracket

M81P

#M81 Water Bowl

Galvanized metal push button bowl with cast iron bracket

M81

#75 Water Bowl

Cast iron push button hog bowl

75

Frost Plug

The plastic plug is threaded into the water inlet that is not being used. Plastic is used so that in case of freezing temperatures the plug should pop out instead of cracking the cast iron bracket.

25FP

PARTS & ACCESSORIES

Zinc U-Bolt

for mounting #25 and M81 series bowls

25U

Replacement Brass Valve

For #75 bowl
75HBV

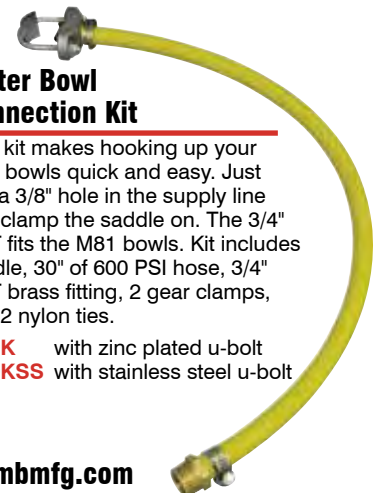

Brass Bushing

75BU

Replacement Brass Valve

For M81 and M81P
CD53

Water Bowl Connection Kit

This kit makes hooking up your M81 bowls quick and easy. Just drill a 3/8" hole in the supply line and clamp the saddle on. The 3/4" MPT fits the M81 bowls. Kit includes saddle, 30" of 600 PSI hose, 3/4" MPT brass fitting, 2 gear clamps, and 2 nylon ties.

TSDK with zinc plated u-bolt
TSDKSS with stainless steel u-bolt

PLASTIC FLOAT BOWLS

up to 6 litres per minute flow rate

durable solid brass valve body

1/2" left and right water line inlets

high impact polypropylene 9" wide bowl

stainless steel valve seat

Green

with plastic float cover
MA04

Blue

with plastic float cover
MA04-B

Red

with plastic float cover
MA04-R

 • (2) 1/2" x 1 3/4" Bolts with Nuts and Washers
 • (2) 3/8" x 1 1/2 Bolts with Nuts and Washers & 25FP
AUB015

HYDRATOR 20R

STAINLESS STEEL TIP TROUGHS

Keep your cattle
well-hydrated with
Hydrator's tip
troughs built with
robust 12 gauge
304 Stainless Steel.

Hydrator's tip troughs feature fold-over safety edges and nylon bushings on all pivot shafts. When your herd needs fresh water, simply tip the trough with the spring-loaded locking tip handle for quick emptying. The smooth roll formed trough prevents dirt from accumulating when tipping. The fold over safety edges prevent livestock injury. For additional versatility, choose from Hydrator's heavy-duty galvanized floor mount or wall mount brackets.

**ROLL FORMED TROUGH
WITH SAFETY EDGES**

EASY CLEANING

NO TOOLS REQUIRED

JOBE TOPAZ VALVE

WELDED SUPPORT PLATE

9' (108") and longer have a welded centre support plate

*Recommended water supply line of 1" or larger.

LOCKING MECHANISM

9' (108") and longer have a locking mechanism on each end. Pull up and rotate locking pin to hold it open while you walk to the other end to release the second lock pin to dump the trough.

Replacement Float Valve

190-025 1" Topaz up to 70 gpm

TIP TROUGHS

Floor Mounted Tip Trough 7" Depth

STOCK TANK FLOAT BOXES

The steel float mechanism has a tough, neoprene valve washer, that can be rotated and also reversed for long life. Up to 60 lbs. of water pressure. Works equally well on simple gravity systems. Super Flow Model increases capacity to 375 gallons per hour.

HYDRA200

B5 Automatic Float Box

Powder coated metal construction with fixed mounting brackets.

Solid brass valve with 1/2" MPT and 1/4" FPT threads. Packed 6 per master. Weight: 3.5 lbs

B5 12-1/2 L/min @ 40 PSI

B5-SF 22 L/min @ 40 PSI

B10 Automatic Float Box

Powder coated metal construction with metal fastening arms.

Solid brass valve with 1/2" MPT and 1/4" FPT threads.

B10 12-1/2 L/min @ 40 PSI

B10-SF Super Flow Model 22 L/min @ 40 PSI

B10-SF-WB Super Flow Model 22 L/min @ 40 PSI.
Wide bracket for plastic tanks.

Dare-O-Matic Float Valve

Aluminum housing with molded float
Standard garden hose connection
300 GPH capacity

190-180

B10P Automatic Float Box

Polypropylene construction with fixed metal fastening arms.

Solid brass valve with 1/2" MPT and 1/4" FPT threads. Packed 6 per master. Weight: 31.5 lbs

B10P 12-1/2 L/min @ 40 PSI

B10P-SF Super Flow Model 22 L/min @ 40 PSI

B10P-SF-WB Super Flow Model 22 L/min @ 40 PSI.

Wide bracket for plastic tanks.

Stainless Steel High Flow Float Box

3/4" Valve Assembly. 37 L/min @ 50 PSI
Includes Hydrator Float Valve HFV34

BSS5G

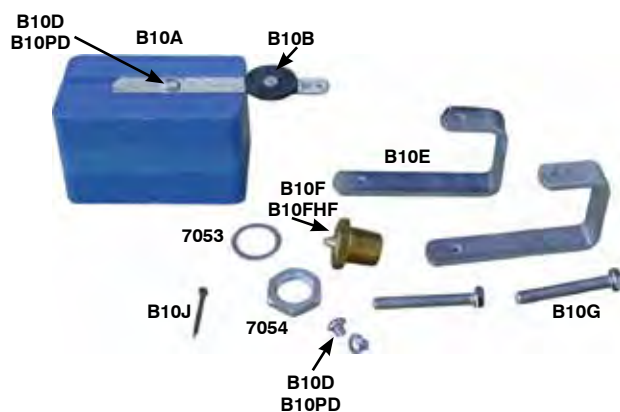

TranzFormer Valve

Converts your existing float to a full flow diaphragm valve. Fits the B5, B10, B10P models.

- 190-190MB 1" Valves
- 190-191MB 1/2" Valves

Check out the plumbing section of this catalogue for all the poly pipe, fittings, and valves needed for your pasture watering system.

Pasture Pump

Double stroke function
Pumps water from a depth of up to 20' 1" MPT connection

- 200-800
- 200-810 Replacement pump diaphragm

Strainer With Check Valve

Fits 1" hose

- 200-805

Plasson Pasture Watering Couplers

Plasson Quick-Coupler Valves allow you to hook up a full-flow valve as quickly and easily as opening a door. When the 3/4" male riser (190-041) section is pushed into the female valve (190-040), it easily snaps into place and opens the valve fully. A simple squeeze on the snap arm of the riser releases the connection and automatically shuts the valve off. The highly visible, hinged, yellow cover keeps dirt out when not in use. 3/4" MPT connection

- 190-040 Quick Coupler Valve
- 190-041 Quick Coupler Riser

Bucket Holder

Easily mounted in stall, on fence etc. Holds and protects any 5 gallon (20 quart) round or flat back bucket. Great for heated buckets.

190-461

Click Shield

Extension cord connector shield. Prevents disconnects and secures any power cord. Water resistant.

190-401

Heated Poultry Waterer

Keeps water ice-free down to -5 degrees F. Patented design is thermostatically-controlled to turn on and off as needed for maximum energy efficiency.

Easy-to-fill funnel design with 3-gallon capacity

190-469

INSULATED BUCKETS

5 Gal Insulated Bucket Holder

Heavy insulation prevents water from freezing allowing horses to drink regularly in an occupied stall. Unique drain design allows for watering with or without a bucket, and makes cleaning easy. Heavy duty 5 gallon bucket included. Float included. The float helps insulate the bucket from the top by floating at or just below water surface. Horses can easily access the water by nudging the float which also helps keep the water circulating.

SAP BUCKET

Plastic Sap Buckets & Accessories for Quality Maple Syrup

- Made for many years of usage
- Easy to clean and assemble, bucket, lid and spiles
- Bucket will not jamb together when stacked
- Buckets will not rust, corrode or burst from ice
- Sap level is visible from the outside at a distance
- Made of ultra high impact polypropylene
- Heat and UV stabilized
- Food approved
- High impact resistant even at low temperatures
- Excellent chemical and environmental stress cracking resistant
- Buckets and accessories should be stored away from direct sunlight

Page 76

Calf Feeding Bucket

8 L capacity

200-210

Bucket Holder

Holder for 8 litre calf and lamb buckets (200-210 and 200-212)

200-213

Calf Feeder

30 litre capacity, 5 Big Softy teats
hooks will fit over 2" wall

200-209-5

Calf Feeder Rail Bucket 6-Place

- 20 litre 6-place calfeteria type feeder
- hangs on any rail, up to 32 mm (1.25") thick
- teats big softy, fast flow with no leaks

SH-207401 complete (excl cover)

SH-213362 cover only

Calf Feeder

- strong plastic rail-hooks
- grip teeth
- high tensile strength to firmly grip any rail, wood or pipe
- 38 mm (1 1/2") thick
- lid available

SH-212222 complete

SH-210429 replacement hook

Milk Train (2-Place)

- easy to carry with central handle
- adjustable latch-strap system
- quick and easy connection to any type of rail, pipe or wood, up to 40 mm diameter, or 150 mm deep
- holds a total of 10 litres with two 4 litre individual chambers
- big softy teats
- intake elbows/valves

SH-212218 complete each

SH-214277 repl't latch strap

Lamb Feeder Rail Bucket 10-place

- 10-place lamb
- big strong bucket
- 20 litre capacity
- Excal 'little softy'
- easy milk flow but without leaking
- Rail hooks suiting any rail up to 40 mm (1.5") thick

SH-207495 cpt (excl cover)

Lamb Feeder Milk Train 4-place

- 4-place feeder uses excal little softy
- no leak teats
- Excal intake elbows
- capacity is 4 litres
- individual chambers of 750 ml each
- feeders join together make 8 or 12 place feeder
- replaceable rail-hooks secure the feeder to most pipe or wood rails up to 38 mm thick

SH-212225 rail-hang complete

LAMB FEEDING NIPPLES

Rubber Lamb Feeding Nipple

Red
Pack of 5
Fits buckets with holder #200-200

200-202

Snap-on Lamb Feeding Nipple

Fits onto 2L and 3L nursing bottle

200-224

Replacement Teat

For lamb milk bar 200-206 and 200-207

200-235

Lamb Nipple

Latex nipple fits most pop bottles

200-198

Natural Lamb Feeding Nipple

6 per pack

200-203

Caprine Nipple

For Lamb Feeder
Fits most pop bottles

200-196

EXCAL Pop Bottle Lamb Nipple

Red
Fits 2 litre or 20 ounce bottle

200-214

Flutter Lamb Valve Nipple

For pop bottle. 5 pk

200-197

EXCAL Check Valve

Used in conjunction with the Excal nipple to prevent back-flow

200-217

Teat Lamb/Kid EXCAL Universal

Universal lamb/kid teat
Variety of bottles
Fitting to bottles with neck from 25 mm to 35 mm diameter

SH-206710 each

Teat Lamb/Kid Lambar

Used in a 'cafeteria' type feeder
Fitted through a 14 mm hole
Can be stretched over a 'pop' bottle

SH-204196 cross-cut (black)

SH-211914 hole (red)

Teat Lamb/Kid EXCAL Little Softy

For use in our gravity lamb feeders. Inverted-tip design
Fast flow. Non-leak quality
Fit straight into any feeders

SH-211672 each (white)

Teat Lamb/ Kid EXCAL Grower

Same design as Little Softy
Stronger harder rubber.
For use when animals get stronger and chew teats

SH-209985

Teat Intake Elbow & Valve EXCAL

Fits directly into the back of the teat and ensures suction for the very bottom of the bucket or feeder

SH-214570 Elbow only. No valve (white)
100-pack

Datamars Stick Reader

XRS2 Data collection made easy. Read, record, edit and customize individual animal information.

Large sunlight viewable 2.7" colour LCD screen makes it easy to read. Large memory. 1 million scanned tag memory.

Fast tag reads with feedback through vibrating handle.

200-619

RFID Wand Scanner

The T4A 2416 Electronic Reader is waterproof up to the display and has a water resistant body, excellent for use at fish farms.

The Reader's memory is able to store 800 numbers.

Able to connect to any Android device using Bluetooth function, where additional information can be recorded.

300-315

Handheld RFID Tag Scanner

The reader is lightweight, and fits in your pocket.

The T4S2013 model has a memory capacity for a maximum of approx. 999 identification numbers.

Great for reading RFID tags when the printed number on the tag is hard to read.

HOT-SHOT®

Red Hot Shot Handle

(with batteries) economy model

SP105

Green Hot Shot Handle

(with batteries)

SP100

SP100-RM Replacement motor for SP100/SP101

Rechargeable Green Hot Shot Handle

SP101 Charger sold separately

SP121 Black end cap for red/green handles

SP120 Brass nut

GOOD

- No tools required; Easy to disassemble and clean
- Medium spark is most effective on clean, dry animals
- All components easily replaced by user
- Fully sealed solid state motor module
- Excellent battery efficiency

Lowest Voltage prod for small herds

BETTER

- Proven and preferred by commercial livestock haulers
- No tools required; Easy to disassemble and clean
- High output energy (strong spark) is effective on both clean, dry animals and those that are wet or have heavy hair or debris on them
- All components easily replaced by user
- Fully sealed solid state motor module
- Good battery efficiency
- Available in battery-operated or rechargeable

Higher voltage than THE RED ONE and meant for larger/commercial herds

DuraProd® Handle

(with batteries)

SP106

Rechargeable DuraProd Handle

SP107

BEST

- Superior ergonomic design features oversized trigger, rubber grip and hand guard
- Sealed circuitry and patented design technology to reduce feedback shock
- Operates on only 4 C: Alkaline Batteries (instead of 6)
- Quick change battery packs - no tools required; rechargeable packs drop into charging station for convenience
- High output energy (strong spark) is effective on both clean, dry animals and those that are wet or have heavy hair debris on them
- Fully sealed solid state motor

Same voltage as THE GREEN ONE with enclosed handle design to help prevent moisture from getting in the handle

12-SI1070

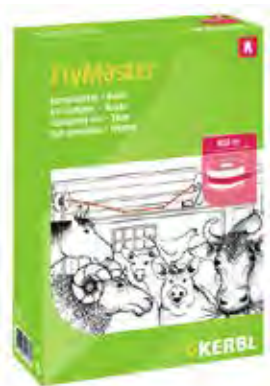

Mr Sticky Fly Ribbon

Bulk pack
12-SI2000 4 pack
12-SI2010 100 pack

Sticky Roll™ effectively catches, controls and eliminates flies because it's based on their natural habits. Flies follow the warm updrafts in rooms and barns, seeking a resting place near the ceiling. They become entrapped in Sticky Roll, then become an irresistible attractant to other flies. No baits, toxins, or pheromones are necessary. Soon the tape is black with dead flies. When a length of tape is full, crank it up, flies and all onto the disposable take-up reel. Fresh tape is rolled out at the same time, ready to grab more flies.

FLY CONTROL

Flymaster Insect Trap Complete Kit with 400m Tape

- Ecological alternative for fly control in stables
- Spent tape is rolled onto the empty reel (included)

Insect trap, tape 400m/1312ft, complete kit

12-29976

Flymaster Fly Reel with Attractant 9m

- New kind of flypaper roll with integrated attractant in adhesive coating
- Flies are attracted to and remain stuck on the trap
- New form of printing on yellow paper improves the attractant's appeal, since it simulates apparent landing spots
- Easy-to-handle, clean, without toxins and chemicals – 100 % effective
- How to use: Remove as much of the adhesive surface as you need and you've already got a fully-functional fly trap. The enclosed holder makes it easy to hang up and install

With attractant up to 40 % more effective

Length: 9 m Width: 30 cm

12-299847

Flymaster Insect Trap Spare Roll 400m Tape

- Ecological alternative for fly control in stables
- Easy to install

Insect trap, spare roll - 400m/ 1312ft

12-29977

Disposable Fly Trap

- Easy to use, very effective
- Non-Toxic
- Works for 4-6 weeks depending on the weather

20/case

12-299848

Flymaster Twister Fly Catcher

- Completely non-toxic
- The free-hanging fly trap provides the perfect landing pad for flying insects

12-299839

Buddex Battery Horn Remover

200-420

Features

- Humane dehorning: The unique focal ring reliably prevents horn growth in animal-friendly way
- Temperature at the burner tip: The high temperature of 700 °C at the burner ring means that de-horning is carried out on the calf within a couple of seconds
- The heat-up phase only begins once pressed against the horn bud. There is no shaft that is fully heated, and so no burn risk for the user
- The Buddex heats up to 700 °C in just 4 seconds!
- Battery operation means maximum freedom of movement during de-horning - no cable clutter
- Single-handed operation means that the calf can be kept still with the other hand
- Up to 40 calves with a single charge
- Burning tip diameter: 18 mm

CIRCULATION FAN

20" High Velocity Pedestal Fan

3 speed tiltable fan on adjustable height pedestal. (54" to 64") Includes wheel kit for pedestal. 10' 120V grounded cord. 6200 CFM

FAN-P20

High Velocity Pedestal Fan

3 speed commercial duty circulating fan on a sturdy base with adjustable pole. Available in 24" and 30" oscillating and 30" stationary. 10' 120V grounded cord. 24" - 6600 CFM. 36" - 8300 CFM.

FAN-P24-OSC 24" oscillating
FAN-P30 30" stationary
FAN-P30-OSC 30" oscillating

High Velocity Wall Mount Fan

3 speed commercial duty circulating wall mount fan. Available in 24" stationary and 30" oscillating. 10' 120V grounded cord. 24" - 6600 CFM. 36" - 8300 CFM.

FAN-WM24 24" stationary
FAN-WM30-OSC 30" oscillating

16" Household Wall Mount Fan

3 speed 16" oscillating wall fan. Ideal for household use, this fan also includes a remote.

FAN-WM16-OSC

Basket Circulating Fan

Variable speed, totally enclosed, sealed ball bearing, thermally protected, high efficiency, dual voltage, 115/230V. Adjustable galvanized mount. Speed control not included.

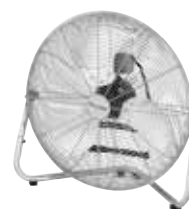

FAN-B20-VAR - 20" 6500 CFM
FAN-B24-VAR - 24" 8500 CFM
FAN-B30-VAR - 30" 11,000 CFM

18" Horizontal Air Flow Fan

Totally enclosed, variable speed capable motor. Suitable for wet locations. 8' 115V grounded cord. When suspended, the fan can pivot up and down and swivel 360° for optimal control of air stream. Motor will run single speed unless optional variable controller is used. 4000 CFM.

FAN-H18
FAN-H18-MC5 Manual Variable Speed Controller

High Velocity Floor Fan

3 speed dial control, sturdy aluminum blades, tilt adjustment knobs. Wall mount bracket included.

FAN-F18 - 18". 3815 CFM, 0.85 amps
FAN-F20 - 20". 5000 CFM, 1.35 amps

36" Poly Round Fan

Strong, versatile wall/ceiling mount included. Versatile - hangs quickly and points anywhere. Strong, powder coated steel guards. 1/2 hp, 230 volt single or 3 phase single speed motor. 11,500 CFM

FAN-PRF36

36" Portable Drum Fan

High/low switch, 10' 120V grounded cord. Fan drum easily pivots up for directional control with strong locking mechanism. Includes ceiling mount conversion kit. 12,000 CFM.

FAN-D36

Alley Fan

Light industrial fan features a direct drive, durable powder coated frame and a heavy duty cold rolled steel barrel. 2 speeds.

FAN-AF36 - 36". 11,200 CFM, 4.5 amps
FAN-AF42 - 42". 15,400 CFM, 5.8 amps

STANFIELD HEAT MATS

Osborne Stanfield® heat pads are designed to promote healthy growth, reduce stress, and provide optimal temperatures for growing pigs. The heat pads are constructed of ultra-tough, water-resistant, flame-retardant composite plastic, making them superior to poly mats made by competitors.

Other sizes of Heat Mats and types of Controllers available by special order

Disposable Boots

Page 127

STEPLITEX SOLIDGRIP

This hard-wearing StepliteX SolidGrip work boot with its wide leg was specially developed for the agriculture sector. The model offers excellent grip on the most slippery surfaces and insulates to -30°C. With the extra high steel toecap you can get to work with animals, sharp tools or heavy machinery knowing you're well-protected. Every pair of boots comes with free moisture-absorbing ergonomic footbed. So your feet will always stay dry.

StepliteX SolidGrip - Soft Toe

Foamed Polyurethane waterproof construction

More comfort: wider fitting and kick-off spur Cut-off line to make shorter boot

More slip resistance: improved sole profile Shock absorbant heel

Long life, tough wearing Polyurethane remains flexible to -30C

Washable, moisture absorbing, cold insulating insoles

40% lighter than rubber or PVC

5 per case

Bekina Warranty Policy

BEKINA warrants the PU boots to be free of factory defects as well as any "short-life" cracking, leaking, or delamination occurring within 3 months of initial use, resulting from normal usage. Deterioration of boots due to exposure to chemicals, sharp objects, and/or harsh abrasives is not a defect in the product and is not covered by this warranty. Preventative maintenance must include thorough rinsing after contact with chemicals or oxidants. This will prolong the life of the boot. Failure to rinse thoroughly will cause a reaction called case hardening, shortening the life of the boot due to cracking, separation, and/or material breakdown.

THERMOLITE ICESHIELD

The Thermolite IceShield boot can handle Arctic temperatures as low as -50°C. This thermal insulation champion is therefore very popular with fisheries, cold stores, freezer warehouses and ski centres. But it's equally good in the horticultural or agricultural sector.

These slip resistant safety boots are much lighter than rubber or PVC and will fit each foot like a glove. Even in extreme temperatures, the NEOTANE® always remain supple and flexible.

Warm feet guaranteed, thanks to the extra thick leg and sole. The free moisture absorbing ergonomic footbeds provide even more comfort.

Thermolite IceShield - CSA Safety

CSA Grade 1 approved Steel Toecap and Midsole
Made of unique microfoam Polyurethane compound making it warmer, lighter and longer wearing
Outstanding thermal insulation, keeping feet warm in cold conditions and comfortable in hot conditions
Superior properties: oil resistant outsole, antistatic, energy absorbent, cold insulating

LED SAFETY EQUIPMENT

Rechargeable Bulls-Eye Spot Safety Glasses

For up close work.
Designed to enhance safety and vision on the job, COAST SPG400 Safety Glasses with Built-In Inspection Beam are equipped with a built-in LED optic to improve near-range and medium-range viewing for up to 9hr 30min on a single charge. Featuring COAST's legendary Inspection Beam, a perfect circle of clean light keeps your hands free while you work. This rechargeable, ANSI impact-tested safety glasses are built with anti-scratch and premium anti-fog clear lenses plus an integrated, micro-USB-compatible lithium-ion battery. Padding on the nose and temple pieces ensures comfort for long days and a snug, secure fit. A soft pouch and charging cable come included in the package.
COA-SPG400

Rechargeable Bulls-Eye Spot Safety Glasses

For work 6'+ away.
Designed for more than eye protection, COAST SPG500 Safety Glasses with Built-In High/Low Beam enhance your vision with a multi-mode LED flood beam integrated into the frame—delivering better up-close and longer-range viewing for up to 11hr 30min on a single charge. COAST's Bulls-Eye Spot Beam operates in high or low mode to provide lighting control while keeping your hands free. This rechargeable, ANSI impact-tested safety glasses are built with anti-scratch and premium anti-fog clear lenses plus an integrated, micro-USB-compatible lithium-ion battery. Padding on the nose and temple pieces ensures comfort for long days and a snug, secure fit. A soft pouch, charging cable, and interchangeable yellow lenses come included in the package.
COA-SPG500

High-Vis Lighted Safety Armband

Wear super-versatile, rechargeable safety lights on your body wherever you work or play. The COAST SA300 High-Vis Lighted Safety Armband shines high-vis safety orange light in two modes—solid and flashing—to increase your safety in dark and chaotic environments. Designed for no-pinch comfort, the armband is constructed with flexible straps so that you can place light right where you need it—on the upper arm or wrist or even around your knee or ankle. The armbands are made from water-resistant material to ensure a long life, and the LED light can be removed when the band needs washing.

Barn Owl Forks

Hand-crafted in Canada

Barn Owl Forks mix the best of traditional shapes and spacing with cutting edge materials and techniques.

Patterned after forks that have been proven for generations, you will find Barn Owl Forks have a familiar satisfying feel when put to work. Crafted from a Special Blend of Steel the tines retain the shape and sharpness long after other forks have given up.

Stainless Steel where it counts. Highly resistant to corrosion, strength without adding a lot of weight, our Ferrules, Caps and D-Grips give our Forks Excellent Durability and longevity. The hand chosen Hickory Handles provide the ideal balance of weight and strength, providing a comfortable natural feel in use.

PIPE SEALANT, EPOXIES, THREAD LOCK & ADHESIVES

Standard Anti-Seize Compound AS 040 P

WEICON Anti-Seize Standard Grade consists of selected, finely ground, metallic solid lubricants and a high-quality synthetic oil mixture. 120g

12-26000012

Hi-Tech Anti-Seize Compound ASW 040 P

WEICON Anti-Seize High-Tech is metal-free (under 0.1%) and can be used with any material. In case of certain metal combinations, it offers optimum protection against electrolytic reactions (cold welding). 120g CFIA approved.

12-26100012

2 Part Fast Metal Minute Adhesive

Steel-filled adhesive with paste consistency can be used to bridge large tolerance gaps. Quick-curing, machinable product easily applied with double syringe for accurate delivery. 24mL

12-10551024

2 Part Epoxy Minute Adhesive

Transparent, quick-curing adhesive retains elasticity after curing. Easily applied with double syringe for accurate delivery. 24mL

12-10550024

Pipe & Surface Seal AN 305-67

This low strength, high viscosity pipe and thread sealer is easy to use in its convenient pen dispenser. White. 50mL

12-30567150

Flex+Bond Adhesive

Bonds and seals nearly all materials, permanently elastic, temperature resistant from -40°C to +40°C. Can be sanded and painted after curing. Weather resistant, UV-stable. 85mL

12-13352085 Black
12-13351085 Grey
12-13353085 Clear
12-13350085 White

Universal Pipe & Thread Seal AN 305-77

Universal sealing type for pipes and fittings. High viscosity, medium strength. Disassembly with normal tools. Yellow. 50mL. CFIA approved.

12-30577150

Thread Lock Medium Strength AN 302-42

Medium strength, disassembly with normal tools. Blue. Convenient pen-system for easy application.

12-30242020 20 mL
12-30242150 50 mL
12-30242901 1 L

Thread Lock High Strength AN 302-62

High strength, hard to disassemble. Red. Convenient pen-system for easy application. CFIA approved.

12-30262020 20 mL
12-30262150 50 mL
12-30262200 200 mL
12-30262901 1 L

Repair Sticks

Easy to use, bond metal, fibre-reinforced materials, wood, glass, ceramic, stone, and most hard plastics. Temperature resistant from -50°C to +120°C. Cures with almost no shrinkage and can be machined and painted. 57g.

12-10533057 Steel
CFIA Approved
12-10534057 Aluminum

Contact Adhesive VA 8312

Very fast curing adhesive for bonding numerous rubber and plastic materials. 12g

12-12200012

Cleaner / Degreaser Spray S

Degreases and cleans all metals, glass, ceramics, and many plastics to prepare for priming and painting. Evaporates quickly and leaves no residue. 500mL. CFIA approved.

12-11202500

W44 Turbo Spray

Industrial quality spray loosens rust, displaces moisture, eliminates squeaky noises and cleans metal surfaces. Leaves an extremely thin film of corrosion protection that does not smear, stick, or attract dust. 400mL

12-11251400

Zinc Galvanizing Spray - Bright Grade

Quick drying spray can be used as a high quality rust protection primer, for touching up welded or drilled sections, and wherever metal must be protected from corrosion. Color is similar to hot dip galvanizing. 400mL

12-11001400

Stainless Steel Spray

For the repair/touch-up of stainless steel parts, and to give a corrosion and weather resistant coating to metal that is exposed to the elements. Dries in 10 minutes. 400mL

12-11100400

MSDS sheets are available for all products listed on this page

PIPE SEALANT, EPOXIES, THREAD LOCK & ADHESIVES

PVC Heavy Duty Clear Cement

For use on all schedules and classes PVC pipe and fitting up to 12" diameter with interference fit, up to 18" for non-pressure. Thick formula fills gaps in large diameter pipe and loose fitting joints. Recommended for potable water, pressure pipe, conduit and DWV. Recommended application temperature 40°F to 110°F / 4°C to 43°C.

705-500 118 ml
705-400 236 ml
705-600 473 ml
705-200 946 ml

Clear Primer

Clear aggressive primer for use on PVC and CPVC pipe and fittings. Removes surface dirt, grease and grime as well as softens the pipe surface to allow a fast, secure solvent weld. NSF listed.

705-050 118 ml
705-100 236 ml

Standard ABS Cement

Medium-bodied yellow coloured cement for use on ABS pipe and fittings. Up to 6" diameter. For all non-pressure applications.

706-200 118 ml
706-300 237 ml
706-400 473 ml

ABS to PVC Transition White Cement

Medium-bodied white coloured cement for use in joining ABS to PVC in non-pressure transition joints up to 6".

706-700 118 ml

FireAde Foam Agent

16-Ounce Suppression Agent from FireAde is both a fire suppressor and a cooling agent. FireAde is unique. It is non-toxic and non-corrosive.

 Wall Mount Can Holder

White General Purpose Thread Seal Tape With PTFE

Provides a clean, positive seal on threaded connections. A high-density product that resists tearing and stretching for easy, efficient application. 4 mils thick, 0.6 grams/cubic centimeter density.

TEFLON 1/2" x 520"

Pink Water Line Thread Seal Tape With PTFE

Provides fast positive seal for water lines, sewage lines and sprinkler systems. Effective on metal or plastic threads. Pink tape is 3 mils thick with density of 1.35-1.50 grams/cubic centimeter.

TEFLON-PINK
 1/2" x 260"

MASTERS® Orange T-tape

Seals all metal and plastic threaded connections against leakage at temperatures from -400°F to +600°F (-240°C to +316°C). Approved for most applications including: Gasoline, Hydrocarbons, Kerosene, Natural Gas, Nitrogen, and Oxygen.

TEFLON-ORG-540
 1/2" x 540"
TEFLON-ORG-1296
 1/2" x 1296"

Yellow Gas Line Thread Seal Tape With PTFE

Manufactured especially for natural gas, propane, butane, water, oil and chemical lines. Heavier than white tape with density of 1.35 - 1.50 grams/cubic centimeters, 4 mils thick.

TEFLON-GAS
 1/2" x 260"

Grey Professional Megatape with PTFE

Applies better - Pro-grade PTFE, allows for fewer wraps and resists tearing/ripping. Looks better - Improved aesthetics versus white, yellow, or pink tapes. Performs better - cUL-Listed to take on strenuous applications. Chemically inert. Seals threads on virtually any piping system, including: Stainless steel pipe, Cast iron, PVC, CPVC and ABS pipe, Brass and chrome fittings, and Gas connections. High density - 3.5 mils thick.

TEFLON-SS 1/2" x 260"

MEGALOC® Thread Sealant with Kevlar

Odorless formula is non-separating, non-flammable and non-hazardous. Seals plastic and metal pipes and fittings. Performs over a range from -50 degrees Fahrenheit to 400 degrees Fahrenheit. Safe for drinking water lines. In-lid applicator. Sets soft with no cure time required. Wipes clean from hands and tools and washes out of clothes. Resists hardening and cracks. Hydraulic resistant to 12,000 PSI - gas pressure to 2600 PSI. CSA rated for natural gas.

12-9004 29 ml squeeze tube
12-9005 118 ml
12-9006 237 ml

Great White® Pipe Joint Compound with PTFE

Lubricates and seals all threaded joints. White, non-hardening, non-separating, non-toxic paste. Withstands up to 3,000 PSI on gases from -50° to +400°F, and 10,000 PSI on liquids from -50° to +500°F. For use with water, steam, caustics or dilute acid lines of PVC, CPVC, ABS, cyclocac, polypropylene, iron, steel or copper.

12-9007A 29 ml squeeze tube
12-9007 118 ml

MASTERS® PRO-DOPE®

A non-toxic, non-corrosive, non-hardening paste. It effectively seals both metal and plastic threaded connections. It will not dry out, stain, harden or separate. Lubricates during assembly and can easily be disassembled even after years of service. Effectively seals most liquids and gases against leakage to 10,000 psi and from -200°F to +400°F (-129°C to +204°C).

GLASS REINFORCED POLYPROPYLENE CAM & GROOVE COUPLINGS

Glass reinforced polypropylene cam type couplings are lightweight and have good chemical resistance to a wide variety of agricultural chemicals. All sizes come with S.S. Arms.

GARDEN HOSE

Contractor+ Heavy Duty Hose

Durable, abrasion-resistant cover. Crush proof extra large couplings. Lead-free, drinking water safe. 400+ PSI, Red

102-025 5/8" x 50'
102-030 5/8" x 100'
102-024 3/4" x 50'
102-023 3/4" x 100'

Maxlite Hot Water Rubber Hose

40% lighter and 2X stronger than standard rubber hoses. Crush proof extra large couplings. Lead-free, drinking water safe. 400+ PSI, rated up to 165° F

102-034 5/8" x 25' Red
102-035 5/8" x 50' Red
102-036 5/8" x 100' Black
102-037 3/4" x 50' Red

Flex LayFlat Hose

Heavy duty, abrasion and puncture resistant. Maximum kink resistance. Compact, easy to store. Blue

102-021 1/2" x 50'

Medium Duty Garden Hose

High flexibility and kink resistance. Up to 275 PSI

102-031
- 5/8 x 100'

Sump Pump Discharge Kit

12-SPDK125-24
1-1/4" x 24'

Bulk Soaker Hose

Light-weight, high strength. Made from 65% recycled material. Weeps water at a rate 0.5 to 1 gallon per foot per hour on level ground.

Sold by full roll only
102-038 3/8" x 250'

Sprinkler/Soaker Hose

Sprinkler and soaker in one. 6 holes per foot create a wall of soaking mist.

102-047 25'
102-048 50'

Mender with swivel Female GHT

102-156

Mender with Male GHT

102-157

Coupler

102-155

METAL CLAMP HOSE MENDERS

Designed to fit 5/8-inch and 3/4-inch hoses, these menders are impact-resistant and features stainless steel screws that will not corrode. Leak-proof and reusable on rubber and vinyl hoses.

AcuRite 5" Rain Gauge

12-00810

Impact Sprinkler Head

- 86' diameter spray pattern
- Flow rate 750 liters per hour
- Adjustable from partial to full-circle coverage
- 1/2" thread

102-051-H

3 Prong Impact Sprinkler Head

- 86' diameter spray pattern
- Flow rate 750 liters per hour
- Flow through design

102-060

Adjustable Rectangular Sprinkler

- Up to 3600 sq. ft. of coverage

102-090

Adjustable Height Metal Tripod Only

- Adjusts from 20" to 44"
- Accepts 1/2" sprinklers
- Bottom has a female garden hose swivel connection

102-056

Wheeled Metal Sprinkler Base Only

- Accepts 1/2" sprinklers
- Flow through design allows for connecting multiple sprinklers in series
- Cap included for single sprinkler use
- 11" wide base for stability

102-057

6" Metal Spike Sprinkler Base Only

- Accepts 1/2" sprinklers
- Flow through design allows for connecting multiple sprinklers in series
- Cap included for single sprinkler use

102-058

Fence Post Sprinkler Mount Only

- Clamps to T-posts and 3/8" round fence posts
- Accepts 1/2" sprinklers
- Bottom has a female garden hose swivel connection

Stainless Steel T-Bolt Clamp

These clamps are used where gear clamps do not provide adequate strength. The 3/4" band has a bevelled edge which helps to prevent damage to the hose cover when tightened. The band, screw, and housing are all 304SS.

IMPROVED FLEXIBILITY FOR EASIER INSTALLATION

With relaxed memory you'll experience less spring back than PEX for easier installation

STRENGTH & DURABILITY

Excellent hydrostatic strength at high temperatures and very high burst pressures

BUILT FOR EXTREME TEMPERATURES

Maintains excellent flexibility in extreme cold and hot environments

A SMALLER ENVIRONMENTAL FOOTPRINT

VIPERT is recyclable and requires less energy to be produced than PEX

25-YEAR WARRANTY

CB Supplies stands behind VIPERT with a 25-year warranty

EASY LINE IDENTIFICATION BY COLOR

Eliminate hot and cold water cross connections

FILTER HOUSING

Standard Housing Package

Kit includes mounting bracket, wrench, and spare o-ring

- WF-10** 3/4" FPT, 10" Bowl Length, up to 10 GPM
WF-20 3/4" FPT, 20" Bowl Length, up to 25 GPM

Giant Housing Package

Kit includes mounting bracket, wrench, and spare o-ring

- WF-10G** 1" FPT, 10" Bowl Length, up to 20 GPM
WF-10G-015 1-1/2" FPT, 10" Bowl Length, up to 25 GPM
WF-20G 1" FPT, 20" Bowl Length, up to 40 GPM

FILTER CARTRIDGES

Bowl Length Pleated Polyester Microns
WFC-10-PP-5
WFC-10-SWP-5
WFC-10-SP-5
String Wound Poly
Spun Poly

Pleated Polyester

The polyester pleated filters are suited for a variety of uses and can be used in residential, commercial and industrial applications. The non-woven polyester filter media is pleated around a polypropylene core for added strength and stability. The pleated surface area provides greater sediment and dirt holding capacity while maintaining flow rate and reducing initial pressure drop. Cartridges can be cleaned and re-used in most applications and micron ratings.

Standard

- WFC-10-PP-5** 5 microns
WFC-10-PP-10 10 microns
WFC-10-PP-20 20 microns
WFC-20-PP-5 5 microns
WFC-20-PP-20 20 microns

WFC-10G-PP-20 20 microns
WFC-20G-PP-5 5 microns
WFC-20G-PP-20 20 microns

Carbon Block Cartridges (Taste and Odour Reduction)

Are ideal for point-of-use (POU) and Reverse Osmosis applications. These cartridges can be used in a wide range of applications such as residential, food service, commercial, and industrial.

Standard

- WFC-10-CB-5** 5 microns
WFC-20-CB-5 5 microns

Giant

- WFC-10G-CB-10** 10 microns
WFC-20G-CB-10 10 microns

String Wound

For a wide range of filtering applications, manufactured from FDA grade polypropylene. These cartridges are very suitable for potable water filtration. Ideal for removing very fine sediment right through to very coarse sediment, at ambient temperatures.

Standard

- WFC-10-SWP-5** 5 microns
WFC-10-SWP-25 25 microns
WFC-20-SWP-5 5 microns
WFC-20-SWP-25 25 microns

Giant

- WFC-10G-SWP-5** 5 microns
WFC-10G-SWP-25 25 microns
WFC-20G-SWP-5 5 microns
WFC-20G-SWP-25 25 microns

Spun Polypropylene Gradient Depth Cartridges

The spun poly cartridge is manufactured with melt blown technology into a multi-layer structure to provide superior filter efficiency, pressure drop and cartridge life.

Standard

- WFC-10-SP-5** 5 microns
WFC-10-SP-25 25 microns
WFC-20-SP-5 5 microns
WFC-20-SP-25 25 microns

Giant

- WFC-10G-SP-5** 5 microns
WFC-10G-SP-25 25 microns
WFC-20G-SP-5 5 microns
WFC-20G-SP-25 25 microns

SPIN DOWN FILTERS

These filters provide an effective means for removing large volumes of sediment. They are ideal for whole house filtration, agricultural and commercial / industrial applications. Overall filtration costs are greatly reduced when used as a pre-filter in duplex filtration systems by preventing post-filtration cartridges from plugging prematurely before their absorption ability is exhausted, maximizing the capacity / utilization of the carbon. This dramatically increases the life span of taste and odor, granular carbon and other fine micron cartridges.

SOAK DOWN SPRINKLERS

Time spent soaking crusted manure will greatly reduce washdown time. Install these sprinklers at ceiling height. 2 different flows depending on your application. 1/2" MPT thread.

Full Flow

Approx. 32' diameter coverage. 45 gallons per hour @ 20 psi
200-175

Low Flow

Approx. 20' diameter coverage. 20 gallons per hour @ 20 psi
200-176

PRESSURE WASHER ACCESSORIES

Gun and Wand Assembly

4000 psi 10 GPM gun and wand assembly with 36" insulated, plated steel lance with 3/8" quick coupling inlet and 1/4" female quick coupling tip
PW-GUN-WAND

Replacement Gun

5000 psi, 10 GPM gun with 3/8" female NPT inlet and 1/4" female NPT outlet
PW-GUN
PW-GUN-DW for double wand
PW-GUN-HW rated for hot water (320°F)

Insulated Steel Wand

PW-WAND-36
 36" insulated, plated steel wand - straight
PW-WAND-36B
 36" insulated, plated steel wand - bent
PW-WAND-48
 48" insulated, plated steel wand
PW-WAND-79
 79" insulated, plated steel wand - straight

These gun and gun/wand assemblies are rated to 99°C (210°F)

Black Storm

4000 psi smooth black cover. 3/8" NPT x 3/8" swivel NPT. Rated up to 120°C (248°F)
PW-HB25 25'
PW-HB50 50'
PW-HB100 100'

Grey Storm

Grey abrasion resistant cover. Two wire braids for increased working pressure and longer lifespan. 6000 psi. Rated up to 155°C (310°F)
PW-HG50 50'
PW-HG100 100'

Sun Storm

Yellow, extremely durable cover. Resists animal fats and lasts 4 times longer in abrasion tests compared to standard hoses. Rated up to 120°C (248°F)
PW-HY50 50'
PW-HY100 100'

Hose Adaptors

Connects our imperial hoses to metric pressure washers

Pressure Washer Spray Tips

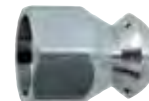

Spray tips are designated by the spray angle (a narrower angle produces more force over a small area, which is great for tough jobs but may gouge or strip softer surfaces), and by orifice size. The orifice size designates the gallons per minute flow at 4000 PSI. Spray tips are available color coded by spray angle with quick disconnect ends.

PW-N-0 Red 0° for blasting. 4.0
PW-N-15 Yellow 15° for cleaning hard surfaces. 4.0
PW-N-25 Green 25° for flushing and wet sweeping. 4.0
PW-N-40 White 40° for washing soft surfaces. 4.0
PW-N-SOAP Black universal soap tip

Rotary Nozzle

With 1/4" quick disconnect and inline filter. Uses a sharp, pencil jet rotating at high speed to greatly increase cleaning power and reduce time
PW-N-ROTARY
PW-N-ROTARY-FILTER replacement filter

Sewer Cleaning Nozzle

1 forward and 3 backward jets for sewer cleaning
PW-N-MOLE

Multi-Function Nozzle

Features 6 different spray patterns: 0°, 15°, 25°, 40°, soap & rinse.
PW-N-MULTI

High Pressure Foaming Kit

Combines high pressure water flow mixed with detergent and air to produce thick, clinging foam
PW-N-FOAMER-KIT

SOLDERING SUPPLIES

Silver Lead Free Solder Wire

12-23000 - 1/2 lb / 226 g
12-23001 - 1 lb / 454 g

Masters® All Condition Soldering Paste

Petrolatum based paste used for typical sweat soldering. It has excellent wetting properties that allow for smooth flow and reduced voiding. It is lead free and NSF listed for use with potable water systems.

12-SP057 - 57 g
12-SP227 - 227 g
12-SP454 - 454 g

Sandcloth

Cotton-based fabric with a tough aluminum abrasive for cleaning copper pipe, fittings, other soft metals, and plastic. 120 grit.

12-31315 - 1-1/2" x 6'
12-31317 - 1-1/2" x 30'

Abrasive Open Mesh Cloth

Cleans, polishes and deburrs copper pipe and fittings prior to soldering. 180 mesh.

12-31320 - 1-1/2" x 15'

PLUMBING TOOLS

Heavy Duty Fitting Brush

Features high carbon steel bristles designed for cleaning the inside of copper fittings prior to soldering.

12-31327 - 1/2"
12-31328 - 3/4"
12-31329 - 1"

4-in-1 Fitting Brush

Designed with long-lasting, high-carbon steel brushes for cleaning the outside diameter of copper or plastic tube.

12-31407 - 1/2" & 3/4"

Acid Brush

Designed for applying liquid or paste fluxes to piping prior to soldering.

12-30710 - 1/2" x 3"

Dual Hex Nut Driver/Flexible Handle

12-28-FND 5/16" & 1/4"

1-1/4" Ratchet Cutter

12-9040

Cuts through 1-1/4" POLY, PVC, PEX, ABS and CPVC pipe or conduit (Max OD 1.6") Heavy duty cast metal handle

12-9040-RB

Replacement Blade For 12-9040

2" Ratchet Cutter

12-9041

Cuts through 2" POLY, PVC, PEX, ABS and CPVC pipe or conduit. (Max OD 2.5") Heavy duty cast metal handle

12-9041-RB

Replacement Blade For 12-9041

1" Cutter

12-9058

Cuts through 1" POLY, PVC, PEX, ABS and CPVC pipe, tubing or conduit (Max OD 1.3") Heavy duty cast metal handle

12-9058-RB

Replacement Blade for 12-9058

1" Cutter

12-9059

Cuts through 1" POLY, PVC, PEX and ABS pipe, tubing or conduit (Max OD 1.3") Durable nylon handle

12-9059-RB

Replacement Blade for 12-9059

Pex Cinch Clamp Fastening Tool

7400-TOOL - Pex Cinch Clamp Fastening Tool

SPEEDRITE ENERGIZERS

Speedrite – No-nonsense electric fence solutions for the serious farmer.

Speedrite low-impedance energizers combine massive power and technology to produce hard-working performance. Proven to work in even the toughest of environments, Speedrite energizers power through areas of thick over-growth. State of the art componentry and programming technology means Speedrite energizers deliver a high quality pulse onto the fence – providing maximum energy as it is needed. All Speedrite energizers come with an industry leading warranty.

The Speedrite 46000W Mains Fence Energizer offers a powerful alternative to the 36000R model, for farmers that want a great performing energizer with an intuitive interface. With Bluetooth and Wi-Fi compatibility, the Datamars Livestock Farm App provides the ability to monitor and control the energizer from a phone.

- Cyclic Wave™ provides continuous power right to the end of the fence.
- LED indicators show energizer output voltage for quick diagnostics.
- Bi-polar technology provides high performance in dry, low conductive soil conditions.
- Split bolt terminals allow multiple fence wires to be connected.
- Compatible with Remote: Speedrite Remote Control with Fault Finder Included
- 3 year warranty

46000W

Output: 46.0 Joules, 68 Joules stored
Power Consumption: 60W
170-400A

Uncompromising power with new remote control and fault finding technology ensures safe and reliable control of your precious livestock. Designed for large farms with multi wire fences the Speedrite 18000i offers superior livestock control and is now available with a low voltage terminal to safely handle all types of livestock.

- Dual Input Source: 110V or 12V
- 18000i remote ready and LCD display
- Cyclic Wave™ technology
- Low Energy Terminal
- LCD voltage display
- Indicator lights
- Battery Saver
- Day/Night Sensor
- Large terminals
- Earth Monitoring
- Versatile mounting options
- 3 year warranty

18000i

Output: 18.0 Joules, 24 Joules stored
Power Consumption: 33W
170-420

With 12J of output energy the 12000i is capable of powering a small to medium sized farm or ranch without compromising the flexible benefits of mains, battery or solar installation. The versatility of the unit makes it ideal to also power medium to large blocks or runoffs.

- Dual Input Source: 110V or 12V
- 12000i remote ready and LCD display
- Cyclic Wave™ technology
- Bi-polar Technology
- Solar Compatible
- LCD voltage display
- Indicator lights
- Battery Saver
- Day/Night Sensor
- Large Terminals
- Low Impedance
- Low Interference
- Ground Monitoring
- Versatile mounting options
- Adjustable power and pulse speeds
- 3 year warranty

12000i Unigizer

Output: 12.0 Joules, 16 Joules stored
Power Consumption: 20W
170-425

Power Adapter

For the 6, 12, and 18J energizers
170-4-812929

Power Adapter

For 0.5 to 3.0J Speedrite and Patriot Energizers

SPEEDRITE ENERGIZERS

The dual input Speedrite low impedance electric fence is suitable for all livestock.

- Dual Input Source: 110V line or 12V
- Half voltage terminal
- Indicator lights
- Adjustable power and pulse speeds
- Cyclic wave® technology
- Day/Night Sensor
- 3 year warranty

6000i Unigizer

Includes remote and LCD display
Output: 6.0J
Power Consumption: 10W
170-435

6000 Unigizer

Output: 6.0J
Power Consumption: 10W
170-436

The dual input Speedrite low impedance electric fence is suitable for all livestock.

- Dual Input Source: 110V line or 12V
- Includes power cord, battery lead and fence lead set
- Key parts are repairable/replacable
- Pulse light indicated charger operation
- Day/Night Sensor
- Easily mounts on wall, fence post or fence wire
- 3 year warranty

1000 Unigizer

Output: 1.0J
Consumption on 12V battery:
95 mA (fast pulse)
60 mA (slow pulse)
170-450

PARMAK ENERGIZERS

Super Energizer 5

Outstanding Parmak model with proven performance.

- Low impedance designed specifically for large pastures
- For single or multi-wire high-tensile fence
- Advanced solid state circuitry
- Parmak's exclusive built-in performance meter
- Ideal for controlled grazing of livestock and predator control
- Double fuse protection with built-in lightning arrester

Maximum Power Factor 80 km / 50 miles

- Max Output Energy: 6.3 J
- UL Listed
- 3 Year Warranty
- Power Source: 110 V
- Low Impedance
- For Indoor Installation

170-510

Mark 8

The all new Mark 8, low impedance fencer gives you the stock holding power that you have always wanted.

- For single or multi-wire high-tensile fence
- Advanced solid state circuitry
- Parmak's exclusive built-in performance meter
- Ideal for livestock or predator control
- Double fuse protection with built-in lightning arrester

Maximum Power Factor 48 km / 30 miles

- Max Output Energy: 4.9 J
- UL Listed
- 3 Year Warranty
- Power Source: 110 V
- Low Impedance
- For Indoor Installation

170-520

Field Master

Designed for small to medium pastures. Suitable for the control of cattle and horses in small numbers.

- Advanced solid state circuitry
- Shocks through wet weeds and brush
- Built-in operational light
- Double fuse protection with built-in lightning arrester

Maximum Power Factor 24 km / 15 miles

- Max Output Energy: 3 J
- UL Listed
- 3 Year Warranty
- Power Source: 110 V
- Low Impedance
- For Indoor Installation

170-530

Magnum 12 Battery

A heavy duty solution for medium to large farms and remote areas where electricity is not available.

- 12 volt advanced solid state circuitry
- Performance meter that shows condition of the fence
- Low impedance for maximum power and longer life
- Compact design
- Weatherproof, portable - outdoor model
- Use with 12 volt storage battery; complete with battery clamps
- Ideal for livestock or predator control
- Provides up to 3 months of continuous operation between battery charges

Maximum Power Factor 48 km / 30 miles

- Max Output Energy: 3.1 J
- UL Listed
- 3 Year Warranty
- Power Source: 12 V
- Low Impedance

170-550

PARMAK SOLAR ENERGIZERS

Deluxe Field Solar Pack

America's first solar-powered electric fence is now low impedance and features an exclusive built-in performance meter.

- Weatherproof, outdoor model
- Sealed, rechargeable 6 volt battery
- Will operate for 21 days in total darkness
- New, more powerful solar panel

Maximum Power Factor 40 km / 25 miles

- Max Output Energy: 1.8 Joule
- UL Listed
- 3 Year Warranty
- Power Source: 6 V
- Low Impedance
- For Outdoor Installation

170-590

Replacement Battery

6 Volt Battery

170-591

Magnum 12 Solar Pack

Featuring the latest state-of-the-art solar with superior charging power the Magnum 12 Solar-Pack eliminated battery recharging, thereby saving you time and money.

- Performance meter that shows condition of the fence
- No operating costs
- Complete with 12 volt rechargeable battery
- Weatherproof, portable, outdoor model

Maximum Power Factor 48 km / 30 miles

- Max Output Energy: 3.1 Joule
- UL Listed
- 3 Year Warranty
- Power Source: 12 V
- Low Impedance
- For Outdoor Installation

170-580

Replacement Battery

12 Volt Battery

170-581

LIGHTNING PROTECTION

We recommend Lightning Protection for energizers, regardless of what make or model, to reduce your energizer repair bills. A properly installed lightning protection system will help to eliminate costly energizer repairs. *Note: Make sure your ground on the lightning arrestor has more capacity than ground on energizer.

Lightning Arrestor

Diverts lightning strike through 2 poles faced towards each other far enough apart not to interfere with energizer power voltage. 6 per case.

180-025

Dare Voltage Spike Protector

A must for every 110-V fence controller. Reduces effects from electrical surge through power line, a common cause of controller damage. Use on grounded circuits only.

180-112

Dare One AMP Fuse

Fits most types of electric fence controllers. Dimensions 1/4" x 1-1/4" AGC - 1 amp. Pack of 5 blister card.

180-060

GROUND RODS & CLAMPS

Ground Rod Clamp

Connect ground wire to ground rod.
Used for rods up to 3/4"
25/pkg., 16 oz

140-360 3/4" x 6 ft. 9 lbs
140-380 1/2" x 8 ft. 7.5 lbs
140-350 3/4" x 8 ft. 12 lbs

VOLT METERS / FENCE TESTERS / REMOTES

Speedrite™ Directional Fault Finder

A combined voltage and current meter that allows you to rapidly find faults/shorts on your electric fence. Large backlight. Bold current indicator arrows. Simultaneous voltage and current reading. Audible current indicator. Robust, impact and water resistant case. Integrated belt carry clip. No earth lead needed. 9 volt battery.

180-092

Patriot Digital Voltmeter

Powered by a 9 volt battery with a life of 12-18 months. Tough, durable and reliable, the compact pocket sized digital voltmeter has solid state circuitry, automatic on/off and reads from 100 to 9,900 volts. Simply insert ground stake into the ground, then connect to fence. 5 per case.

180-093

Speedrite™ Fault Finder/Remote Control

A combined voltage and current meter that allows you to rapidly find faults/shorts on your electric fence. Large backlight. Bold current indicator arrows. Simultaneous voltage and current reading. Audible current indicator. Robust, impact and water resistant case. Integrated belt carry clip. No earth lead needed. 9 volt battery. **For models 36000R, 18000i, 12000i and 6000i.** Turn your electric fence on/off from anywhere in the field.

180-091

BARN2FIELD

Barn2Field Digital Voltmeter

Digital Voltmeter for electric fence. Reads up to 9,999 volts. Extremely sensitive and accurate. Powered by a 9 volt battery. (not included) Has an easy to use ground probe attached and automatic on/off. Leather pouch included. 10 per case

180-094

BARN2FIELD

Six Lite Fence Tester

Reads up to 9,999 volts. Extremely sensitive and accurate. Has an easy to use ground probe attached and automatic on/off. 10 per case.

180-109

BARN2FIELD

Barn2Field Fault Finder

Large easy to read display Fault finder helps detect electrify fence shorting problems. Requires 9 volt. Battery (not included) Includes leather carry case.

180-089

LACME Six Lite Fence Tester

The 10 KV controller is a voltage tester (voltmeter) with 6 lamps (instead of the usual 5) and a user range between 1,000 and 10,000 volts. Its design is ergonomic with a very large protection guard and an extra flexible multistrand earth wire.

180-099

Fence Line Tester

4 lights. 2500 V - 8000 V
No ground probe needed.

180-096

Patriot Five Lite Fence Tester

Voltages are plainly marked on the case - 625, 950, 2,000, 3,300 and 5000 volts. Take a reading on your fencer, then check fence. If reading is the same, fence is okay.

180-110

Patriot Single Lite Fence Tester

Tells whether fence is working and helps locate faults such as 'opens', 'shorts', and partial grounds. Lamp protected by resistor. 5 per case.

180-100

Patriot FenceAlert

The FenceAlert provides an instant warning of low or intermittent voltage and hence, animals escaping. Low voltage warning light. Starts working when your fence stops. No ground lead required. Up to 5 years battery life. Can be seen for up to a mile.

LACME Fence Wire

The high conductivity range is manufactured according to a traditional process that had been tried and tested. Our optimum adjustments and specifically adapted compositions ensure that these are products of great quality. Exceptional conductivity. Effectiveness over very long distances. Particularly suitable for mobile fencing and dry cell or wet cell energizers
110-630 500 meters/1650 ft., Green/Blue, 9 strands tinned copper. 6 per case

LACME High Conductivity Fence Wire

The high conductivity range is manufactured according to a traditional process that had been tried and tested. Our optimum adjustments and specifically adapted compositions ensure that these are products of great quality. Exceptional conductivity. Effectiveness over very long distances. Particularly suitable for mobile fencing and dry cell or wet cell energizers
110-620 250 meters/820 ft., White/Blue, 6 strands tinned copper. 8 per case

LACME "BLANFOR" Series Mini Rope

The "BLANFOR" performance range has been produced and developed by LACME for many years. These products are manufactured using carefully selected materials and a unique manufacturing process that places the conductor filaments at the periphery of the wire for greater efficiency. Permanent re-electrification. Steel galvanized at 120g/m². 80 contacts per meter. Reliability. Particularly suitable for semi-permanent fencing and mains energizers.
110-600 200 meters/656 ft., White, 20 per case
110-601 250 meters/820 ft., Blue, 20 per case

[FASCO] Fence Stapler

Cordless Fence Staple Driver

- Gas/battery operated, no hose or compressor required
- Enough power to drive a 1-3/4" 10ga, class 4 Galv staple in aged/treated lumber
- Top loading magazine holds 75 staples (up to 3 full clips)
- Includes 2 NiMH batteries and 1 charger (2 hour charge time)
- Well balanced and rubber comfort grip ensures safe, non-slip tool handling
- Single shot actuation feature eliminates double firing
- Special nose for fence application
- Tool-free depth of drive adjustment
- Works best with genuine Fasco fuel cells
- Battery Life - up to 5200 shots
- Fuel cell - up to 1200 shots
- Fasco model #F70G

140-120

Pneumatic Fence Staple Driver

- High power for hardwood applications
- Top loading magazine holds 75 staples (up to 3 full clips)
- Rubber comfort grip ensures non-slip handling and reduces vibration
- Special nose for fence application
- Depth of drive adjustment
- Air pressure range 70-120 psi
- Fasco model # F46A

140-125

1-3/4" Diamond Coated Knurled Staples (1500 per bucket)

- Divergent points to force staple legs apart during driving and "lock in" to the wood making staple difficult to come loose or pull out over time
- Double-Diamond coating allow easier driving into the hardest wood
- Class 4 hot dip galvanize coating to provide maximum staple life in treated fence posts and harsh conditions

140-122

Fuel Cell for Gas Powered Stapler

- Very clean burning fuel that allows for longer use between cleanings
- Up to 1200 shots per fuel cell

140-121 12/case

STAPLERS

ST400i Impulse Hoseless 9 Gauge Fence Stapler

Powerful fast stapling makes quick work of 2" staples

140-142

ST400 Pneumatic 9 Gauge Fence Stapler

Fast cycle rate will drive in 3 staples per second

140-145

ST315i Impulse Hoseless Fence Stapler

Drives 1-1/2" staples with ease

140-150A

Fuel Cells For ST315i

140-150F 12/case

Regular maintenance required. Read owner's manual for more information.

INSULTUBE

Multi-Purpose Polyethylene Tubing

Fits over 12-1/2 gauge wire
Tough, flexible and ultraviolet-ray resistant.

- 150-480** 50' roll
- 150-490** 500' roll

T Post Clip for Tube Insulator

Package of 100
140-285

4" TUBE INSULATOR

Line Post Tube Insulator

4" insulator. Fins on either side that lock when stapled preventing the insulator from sliding out under the staple.

Package of 200. By weight
150-000 10 package/case
150-010 Sold Individually

Tube Insulator

4" sq.
50 per Pack
150-001

Twist-On Insulator

This fin tube is a revolution in tube insulators. Unlike a normal fin tube which you must put on before tensioning the wire, this new style is put on after the wire is tensioned. A quick twist of the wrist and it snaps onto the wire. A real time-saver. No more having to count posts and slide the insulators on before installing wire. 4" length

- 150-015** Pack of 100
- 150-016** Sold Individually
- 150-017** 50' Roll

WRAPAROUNDS

Wraparounds

Tubular medium-density polyethylene provides total insulation, and a non-rusting aluminum insert prevents fence wire from cutting through the insulation under high strain. Has one flat side for seating end post.

- 150-370** 20" Wraps. Package of 120. By weight
- 150-380** 24" Wraps. Package of 120. By weight
- 150-390** 30" Wraps. Package of 120. By weight

ALUMINUM WIRE

Excellent conductivity, 4 times higher than conventional steel wire.
Increased breaking load through the addition of magnesium.

HORSECOTE®

Non-Conductive
Coated Wire

Horsecote™ Coated High Tensile Fence Wire

Horsecote™ coated high tensile fence wire is a plastic coated wire that is quickly becoming the coated wire of choice by both horse owners and fencing contractors. It is very easy to use, needs little maintenance, is cost-effective, easy to install and versatile. The molecularly bonded premium grade polyethylene plastic is reinforced by a 12.5 gauge high tensile fence wire, which has an ASTM classification for physical barrier fencing, that has a minimum breaking strength of 1650 lbs.

DARE SNUG 1728 Insulator

Extends wire 1" from post. Flexible base fits round and flat sided posts. Single headed nails supplied, easily removed. Molded of high density polyethylene with UV inhibitors. 25/bag, 20 bags/ctn., 14 lbs./ctn., 1.02 cu. ft. (Complete with nails)

150-080

DARE SNUG SWP Insulator

Extends wire 2" from post. Heavier and tougher than others. Insulator rests on 3/4" nail surface. Won't tear or crack loose. Flexible base fits round or flat sided posts. Molded of high density polyethylene with UV inhibitors for all weather durability. 25/bag, 20 bags/ctn., 23 lbs./ctn., 1.78 cu. ft. (Complete with nails)

150-090

**DARE Woodex
5WP/10 Insulator**

Extends wire 5" from post. Strong and sturdy. Molded of high density polyethylene with UV inhibitors.

15/bag, 15 bags/ctn, 21 lbs/ctn, 1.78 cu ft (complete with nails)

150-100

**PATRIOT Wood
Post Extender**

6" Wood Post Extender Insulator

Black
25/bag
(Complete with nails)

150-101

**PATRIOT Wood Post
Tape Insulator**

For polytape up to 1 1/2" wide. Insulators grip tape tightly to prevent whipping and sawing. Heavy tape holder unlocks to aid installation. Molded of all-weather high density polyethylene.

25/bag, 10 bag/ctn
13 lbs/ctn, 1.02 cu. ft.

150-110

**DARE Wood Post Tape
Insulator Extended**

For polytape up to 1 1/2" wide. Extends tape 3 1/2" from post.

25/bag, 10 bags/ctn, 13 lbs/ctn, 1.02 cu. ft (Nails included)

150-115 Yellow

150-115W White

**Barn2Field Wood Post
Tape and Rope Insulator**

Clip insulator for tapes up to 1-1/2" wide. The precision blocking buffer protects the tapes by blocking them. It is possible to insert the tape without crumpling it once the line has been tightened.

25 per pack

150-045

**Wood Post/ Tee Post
Claw Insulator**

Wood Post/ Tee Post Claw Insulator for wood posts or Tee Posts. Extra wide gap for 3/8" rope.

25/bag

150-143 Black

150-144 White

**PATRIOT Wood Post/
Tee Post Pinlock Insulator**

Fits 1-5/16" - 1.33 posts. A combination insulator that can be nailed onto wood posts or attached to T-posts.

25/bag, 8/case

150-061

150-062

WOOD POST INSULATORS

Dare Snug HT Insulator

HT Insulator for wood posts. Designed for high tensile use - perfect for temporary fencing. Large diameter flange prevents arcing. Heavy fingers carry wire 3/4" from post. Molded of high density polyethylene with carbon black for UV resistance. Performs in any climate. 25/bag, 20 bags/ctn
150-140 Black
150-145 White

DARE Pinlock Insulator

Pinlock Insulator for wood posts. Heavy cross sections withstand the pressure of high tensile fencing. When pin is removed, wire can be taken out of insulator. Large flange prevents "shorts" and arcing. Molded of high density polyethylene with carbon black for superior UV resistance. Performs in any climate. Used on wood posts. Can be nailed or stapled to post. 25/bag, 20 bags/ctn,
150-060

PATRIOT Wood Post Claw Insulator

Large shield to prevent arcing. Easily attaches with nails or staples. Heavy duty claw fittings for maximum strength 25/bag, 10/case
150-139

Speedrite Wood Post Claw Insulator

Robust claw design. Features a unique staple guide for easy application.
150-139-S

LACME Solid Isoline Wood Post Claw Insulator

Wood Post Claw Insulator for wood posts. Easily attaches with nails or staples. Heavy duty claw fittings for maximum strength.
150-141 25/bag Black
150-142 100/bag Black

Porcelain Line Insulator

Produced from specialty formulated electrical porcelain for superior electric and mechanic strength. Standard size porcelain line insulator. (No fittings or nails included) 25/pkg, 20 pkgs/ctn
150-120

WOOD POST STAND OFFS

LACME 8" Wood Post Extender Tape Insulator

Clip separator insulator 7/8" (20 cm) for tapes up to 1-1/2" (40 mm) wide. Its precision blocking buffer protects the tape by blocking it. The tape can be inserted without crumpling once the line has been tightened. 10 per pack, 15 per case
150-026

LACME 8" Wood Post Extender Ring Insulator

Separator insulator (21 cm) for wires and tapes up to 10 mm wide. 10 per pack, 15 per case
150-032

Barn2Field 8" Wood Post Extender Ring Insulator

10 per pack, 15 per case
150-033

Barn2Field 8" Wood Post Pigtail Extender

Pigtail Extender for Wood Posts. Can also be used for starters, ends and corners for poly ropes, cords and tapes. 10 per pack, 15 per case
150-027

Speedrite Side Fixing Wood Post Standoffs

Pigtail Extender for Wood Posts. Can also be used for starters, ends and corners for poly ropes, cords and tapes.
150-022 6"
150-023 10-5/8"

Stand Off Insulator

12" offset bracket with pinlock insulator Sold individually.

PATRIOT Multi-Fit Rod Post Insulator

Fits 1/4" - 5/8" rods
25/pack, 10/case
150-229

Barn2Field Large Rod Post Insulator (RP14)

Fits 3/8" - 3/4" rods
U.V. stabilized for longer life
20/pack, 20/case
150-228

LACME Rod Post Claw Insulator

Insulator for wires and cords up to 6 mm wide. Powerful and ergonomic tightening ring. Suitable on posts with a diameter from 8 to 14 mm
150-333 100 per pack
150-334 25 per pack

LACME Screw on Rod Post Ring Insulator

Insulator for wires, cords and tapes up to 12 mm wide. Large diameter ring to allow for movement of knots and connections when the conductor changes position. Suitable for posts with diameters of 8 to 14 mm.
25 per bag, 15 per case
150-332

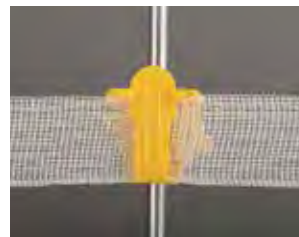

DARE Western Screw-Tight

For round posts. Fits 1/4" to 9/16" diameter posts and 5/8" fiberglass T-posts. Extends wire 1" from posts. Installs without tools. High density polyethylene with UV inhibitors. Yellow. Designed to preform with solid state electric fence shockers.
25/bag, 20 bags/ctn, 23 lbs/ctn, 1.78 cu ft
150-330

DARE Large Western for 7/8" Sucker Rods

For Sucker Rods and other oversized round posts. Fits 1/4" to 7/8" dia and 5/8" fiberglass T-posts. Holds all wire, polywire, polyrope, and polytape up to 1-1/2" wide.
25/bag, 10 bags/ctn, 23 lbs/ctn, 1.78 cu ft
150-335

DARE Polytape Insulators

Fits 1/4" to 9/16" diameter post. For any fence tape up to 1-1/2" wide. Insulators grip tape tightly to prevent whipping and sawing. Heavy tape holder unlocks to aid installation. Molded of all-weather high density polyethylene. Yellow.
25/bag, 10 bags/ctn, 14 lbs/ctn, 1.56 cu ft
150-340

TEE POST INSULATORS

DARE Tee Post Insulator For Up To 3/8 Rope

Holds 3/8" dia horse rope.
25 per bag
150-241

DARE Western Screw Tight For Tee Posts & 3/4" Sucker Rods

Adjusts to fit:

- T posts, steel - small, medium & large, with or without studs
 - T posts, fiberglass - medium & large sizes only.
 - Sucker rods - 3/4" diameter only.
 - U posts - small, 1-1/8" wide.
 - Small garden U posts - 1-1/8" wide
- Insulator opens to attach anywhere on post. Yellow.

25/bag, 10 bags/ctn, 20 lbs/ctn, 1.78 cu ft

150-270

DARE Super Snug

Fits 1.25 & 1.33 lb/ft T Large flange prevents arcing. Solid wire holders take heavy barbed, electric fence wire and polywire. Snaps on and around post. Molded of high density polyethylene with UV inhibitors for all weather performance. Extends wire 1" from post.

25/bag, 20/ bags/ctn, 19 lbs/ctn, 1.78 cu ft

150-240

TEE POST INSULATORS

DARE Extra Length Snug

For T Posts. Extends wire 2" from face of post. Yellow. 25/bag, 10/bags/ctn, 13 lbs/ctn, 1.56 cu ft

150-250

DARE Reversed Tee Post Insulator Extender

Hold wire 3" from backside of T-post. Snaps on and around post - insulator faces backwards. 25/bag, 20/bags/ctn, 13 lbs/ctn, 1.56 cu ft

150-255

DARE Extended Length Snug

For T-Posts. Extends wire 5" from face of post. 15/bag, 15/bags/ctn, 18 lbs/ctn, 2.54 cu ft

150-260

Patriot T-Post Extender

For T-Posts. Extends wire 5" from face of post. 10/bag

150-261

Patriot Wood Post/Tee Post Pinlock Insulator

Fits 1-5/16" - 1.33 posts. A combination insulator that can be nailed onto wood posts or attached to T-posts. 25/bag, 20/case

150-061

DARE Elfin Extender

Elfin with Essex Bracket for T-Post, U-Post & Chain Link Fence. Extends wire 5" from old fence. Fits either side of chain link, studded T & U-posts. Consists of heavy steel bracket with Elfin® insulator and tie wire. All metal parts plated to resist rust. 10/bag, 25/case

150-073

Patriot Chain Link Insulator

For Chain Link Fence. Extends wire from fence. Fits either side of chain link of U-Posts. 20/bag

150-074

DARE Tee Post Tape Insulator

For polytape up to 1-1/2" wide. Fits 1.25 & 1.33 lb/ft T Posts. 25/bag, 10 bags/ctn, 10 lbs/ctn, 1.56 cu ft

150-280 Yellow
150-280W White

DARE Tee Post Tape Insulator

Insulator extender. Extends wire 31/2" from post. Fits 1.25 & 1.33 lb/ft T-Posts. For polytape up to 1-1/2" wide. 25/bag, 10/bags/ctn, 10 lbs/ctn, 1.56 cu ft

150-285 Yellow
150-285W White

Speedrite™ Y Post Insulator

The insulator has a large shield to prevent arcing. Self locking pins attached by leads. 25/bag

150-246

DARE Pinlock Insulator For Tee Posts

Fits 1.25 & 1.33 lb/ft T-posts. Heavy cross sections withstand the pressure of high tensile fencing. Large flange prevents 'shorts' and arcing. Molded of high density polyethylene with carbon black for superior UV resistance. Performs in any climate. Black. Suitable for High Tensile Fencing 25/bag, 20 bags/ctn, 22 lbs/ctn, 1.78 cu ft

150-310

POST TOPPERS

DARE Tee Post Top'r Safety Top and Electric Fence Insulator

Fits all T-posts and can be nailed on top of wood posts. Protects horses and other valuable livestock from sharp, jagged T-post tops. Large heavy-duty cap/insulator can be installed with wire holders facing front, back, right or left. Holds wire, polywire, polyrope, and polytape up to 1-1/2" wide. Molded of high density polyethylene with UV inhibitors for all weather performance 10/bag, 20 bags/ctn

150-290

PATRIOT Tee Post Topper

For Tee Posts. 10/bag, 20/case.

WIRE GRIPPLES

GRIPPLE SYSTEM

Why use Gripple?

Considerable time and cost savings on your project. Simplified installation, maintenance, and repair. Strong, long-lasting products. A complete solution for a wide range of applications.

GRIPPLE PLUS

Features and Benefits

Join and tension in one

- Eliminates tying/knotting wires, reducing installation time
- Ideal for use on high tensile and mild steel wire
- Designed for high load holding and corrosion resistance
- Easily re-tensioned year-after-year

Small Gripple Plus

17-14 Gauge Wire. 660 lb/ 300kg
Max working load.

140-231

10/ bag, 10 bags/ box

Medium Gripple Plus

14-10 Gauge Wire. 880 lb/ 400kg
Max working load.

140-232

10/ bag, 10 bags/ box

140-232A 200/ jar

Large Gripple Plus

10-7.5 Gauge Wire 1320 lb/ 600kg
Max working load.

140-233

10/ bag, 10 bags/ box

Jumbo Gripple Plus

1/8" Wire range
1320 lb/ 600kg Max working load.

140-233A

10/ bag, 12 bags/ box

GRIPPLE TEE CLIP

Up to 5 times faster than knotting. Ideal for awkward, tight spaces, particularly horse fencing. Neat, professional finish. Simple twist and push fit - ideal for use with very hard wires where knotting is cumbersome.

Gripple Medium Tee Connector

10-14 Gauge Wire

140-232T-10

10/ bag, 10 bags/ box

140-232T

150/ jar

GRIPPLE BARBED WIRE JOINER

A large diameter wire joiner, works great for barbed wire joining, allowing for steel wire patching & wire tensioning in fencing applications. Eliminating the task of knotting barbed wire.

Barb Gripple

2 x 12-1/2 Gauge Wire
660 lb/ 300kg Max
working load

140-234

GRIPPLE PLUS BRACE KIT

Suitable for wooden and metal post bracing

- High load capacity
- Easily re-tensioned year-after-year
- Manufactured with zinc aluminum cable for corrosion resistance
- Consistent, professional finish

ACCESSORIES

Gripple BeFast Brace Kit

A ready-to-use kit comprising a pre-cut, fused length of cable and a Gripple Plus tensioner.

140-237

Sold individually, 10/box

Gripple Blue Flag Release Key

Setting key with keyring attachment, for the adjustment and release of Gripple Fasteners, pre-load.

140-238

2/bag, 10bags/box

Gripple Twisters

The Gripple Twister secures tail/ tag wires to create an aesthetic, hazard-free finish.

140-232WT

100/bag, 10bags/box

GRIPPLE CONTRACTOR TOOL

Built for daily use associated with contract fencing. Gear driven, long handles provide a 10:1 mechanical advantage.

All-metal construction, combined with soft, moulded grips for comfortable and efficient use. Quick release cam makes positioning on the wire easier. Works on all Grippler units from 1.5 mm to 6 mm diameter wire. Integral release key holder, to reposition all Grippler Plus products prior to tensioning.

130-095

GRIPPLE TORQ TENSIONING TOOL

Allows tensioning of cable up to 880 lbs with minimal effort due to the 6:1 gear drive mechanism

Whether tensioning fence wire or trellis wire rope for anchoring systems, The Torq Tensioning Tool will work on all Grippler units up to a 6mm diameter

The integral torque gauge controls the load applied to the wire, giving consistent tension every time and optimizing the life of the wire

Measure from 220 lbs to 660 lbs

Easy to use and lightweight for repetitive tensioning

130-095A

CRIMP SLEEVES

Splicing of 12-1/2" gauge wire can be accomplished with three crimped sleeves which withstand up to 1800 lbs tension.

Two sleeves required for end post attachment. Also used for attaching In-Line Strainers and tying in electric jumper wires. Gritted for superior holding power

Short 12.5 Gauge

Use with 12-1/2 gauge wire
100/jar

140-200

Long 12.5 Gauge

Use with 12-1/2 gauge wire
100/jar

140-170

Aluminum - Long

Use with 12-1/2 gauge wire. Requires a few extra compressions to achieve proper holding strength.

100/jar

140-202

8-9 Gauge

Use with 8-9 gauge smooth wire or 12-1/2 gauge barbed wire.

50/jar

Ratchet Wire Stretcher

Safely hold and keep tension on wire when connecting. Works with barbed wire, smooth and high tensile wire. Has ratchet control for release of wire tension

130-035

FENCE STRAINERS

**Galvanized Wire Strainer**

This hot-dip galvanized wire strainer has a spring to hold the latch flipper tight against the zinc cog, which makes tightening the wire safer. This is a durable and long-lasting strainer.

140-020 Sold individually.
0.63 lbs each.

140-021 Sold per case of 50 strainers.

**Strainer with Galvanized Strap**

This strainer has a galvanized strap with a spring holding the latch flipper tight against the aluminum cog.

140-044 Sold individually.
0.39 lbs each.

140-045 Sold per case of 50 strainers.

**Galvanized Wire Strainer**

This strainer has a stainless steel strap with a spring steel latch. The wider aluminum cog holds more wire and can be used with 1" Ponyrail. The square end allows tensioning with a 9/16" wrench.

140-040 Sold individually.
0.39 lbs each.

**Quik-End Strainer**

This clever, time-saving design allows fence wire to be attached to the strainer without the use of crimp sleeves or other connectors. Simply insert the wire into the Quik-End and tighten. Use with 12.5 gauge wire.

140-060 Sold individually.
0.55 lbs each.

140-065 Sold per case of 50 strainers.

**Galvanized Wire Strainer**

In-line Strainer with Porcelain Insulator. Square Side for 9/16 Wrench 10 per case.

140-015

**On-Line Strainer**

Made with a solid zinc cog and class 3 galvanized clip, this is our strongest non-splicing strainer. Simply install without cutting the wire and tighten with a half-inch drive ratchet. Also handy for splicing and re-tensioning high-tensile wire. These strainers should not be used with coated wire product.

140-025

**On-Line Strainer**

Made from die-cast aluminum this on-line strainer is easy to install without cutting the wire.

140-026

**On-Line Strainer**

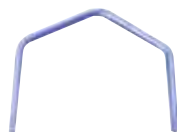

All aluminum tensioner that can be used for high tensile steel or polyrope. They are excellent for polyrope, polywire or any of the braided ropes up to 5/16" diameter.

140-028

**Black Plastic On-Line Strainer**

For poly-wire or rope.

140-030

**Replacement Clips**

For on-line strainers.

140-033

**White Plastic Tightener**

For poly tape or wire.

140-050

**Tension Indicator Spring**

Used to determine the proper wire tension, while maintaining full strength of the wire.

24 per case.
140-070

**Forceflex Spring**

For Aluminum Wire.

140-075

**Heavy-Duty Spring**

Class 3 galvanized heavy-duty tension spring.

140-080

**Jakes Wire Tightener**

140-010 1/4" (20 clips per pack)

140-012 5/16" (15 clips per pack)

**Jakes Wire Tightener Handle**

Spare Spool

180-138A

**Speedrite™ Fence Reel**

Holds 500M Polywire
180-128

SPINNING JENNY

Spinning Jenny

This Spinning Jenny features an adjustable brake to control overspin when you stop pulling the wire. May be placed flat on the ground or bolted to a cart or truck bed. Three legs in the base give great stability. Four adjustable arms fit many diameter coils. Because this jenny is one of the largest and strongest, it is one of the best jennies for use with coated wire products.

130-010A

Optional Rewind Hoop for Spinning Jenny

Rewind Hoop shown installed (130-010A is not included)

130-010A-RH

CORNER/END BRACE COMPONENTS

**Hardwood Twitch Stick**

Used for twitching or tensioning the brace wire, manufactured from hardwood and pressure treated. Won't shear off or slide out of brace wire. 24" length.

3 lbs. each, 15/bundle
120-100

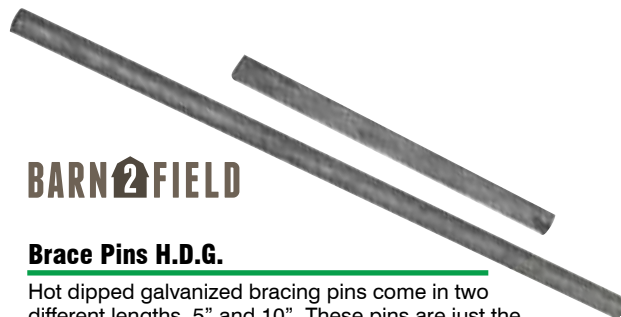

**Twitch Rod**

24" Twitch Rod
